Cutting and Piecing

1. Decide in advance which fat quarters will be used for the “football shape” that is appliquéd over the rectangles and squares. Cut 13 full “footballs” and 4 half “footballs.”

2. From remainder of fat quarters, cut 7¼” strips, 6½” strips, and 5½”. Cross cut 7¼” strips and 6½” strips into 5½” rectangles. Cut 5½” strips into 5½” squares.

3. Randomly piece rectangles of same size together along the longer side. The rectangles will now 7¼” measure 10½” x 7¼”, 10½” x 5½”, and 10½” x 6½”.

4. Piece units from step 3 into horizontal strips following the labeled diagram. Then stitch the rows together.

5. Turn seam allowance under on the “football” and appliqué to the quilt top. Use the blind hem stitch on your sewing machine or hand appliqué in place.

6. Binding strips are cut 2½” wide from a stripe.

Materials Needed
One fat quarter each of 33 different fabrics from the Charm collection, designed by Amy Butler. For this quilt, all fabrics from the following palettes were chosen: Rosey, Tea Garden and Marmalade.

3½ yards for backing
64” square quilt batting
Charm Template

Place on fold of fabric and cut out.
