EMAIL: ORDERS@AMYBUTLERDESIGN.COM

Hello & thank you for contacting Amy's studio. We're delighted that you would like to carry Amy's sewing patterns in your store. You must be a valid retailer (have an established store or web store) to order Amy's patterns on a wholesale basis. If you are starting a new business, please contact us once your store or web store is established. Before we process your order we need to find out a little bit about your business.

- Do you have a store or an online shop/website?
- What is your website address? Email address?
- Do you stock Amy's fabrics or her other products (books, stationery, etc.)?
- Please fax a copy of your retailer business employer identification number for our records (fax: 740-587-2842).

Please visit [Amy's website](#) for wholesale information (US and International). Amy sells to valid retailers who have established stores or websites. We know you will understand that in order to support and protect the retailers who carry our products we need to research our new retailer inquiries. Thank you for your patience. Once we receive the information requested above, we can set up your wholesale retailer account.

Thanks so much!
