## **Tools needed:**

- Turning tool – A pointed tool that can push out the corners on your project.

- Hand sewing needle
- Scissors

## **Step 1.**

### **MEASURE AND MARK THE PATTERN PIECES DIRECTLY ON YOUR FABRIC**

#### For the Scarf

- Cut 1 Scarf Panel – 17” wide x 90” long

A. Measure and mark the Scarf measurements directly onto your fabric. Then, with your scissors cut out the Scarf Panel.

#### For the Ball Fringe

- Cut 2 lengths – 17” long

## **Step 2.**

### **ATTACH THE FRINGE TO THE ENDS OF THE SCARF**

- A. First, place the first piece of fringe onto the **RIGHT** side of the Scarf Panel, matching up the tab on the fringe with the raw edges of the Scarf Panel. NOTE: The Ball Fringe will be toward the inside of the Scarf Panel.
- B. Then, on each cut end of the Ball Fringe, turn it in 1/2” and pin the fringe in place.
- C. Machine baste the fringe to the panel by stitching across the length of the fringe.
- D. Repeat Steps 2A through 2C to attach the other piece of fringe to the other end of the Scarf Panel.

## **Step 3.**

### **MAKE THE SCARF**

- A. Fold your Scarf Panel in half lengthwise with the **RIGHT** sides together. Stitch a 1/2” seam across both ends of the Scarf and down the long side, leaving a 6” opening on the long side of the Scarf, backstitching at each end.
- B. Trim the corners – With your scissors, trim the four corners of the Scarf making sure not to clip the stitching.
- C. Turn the Scarf **RIGHT** side out – Pull the Scarf through the opening you left on the side of the Scarf. Push the corners out using your turning tool and press the Scarf flat.
- D. Fold in the raw edges of the opening and pin it closed. Hand stitch the opening closed. Press your Scarf flat.
